## FOREWORD TO VOLUME 5 #1

This number of the Bulletin of the Mount Desert Island Biological Laboratory appears in a new format and is limited to the abstracts received for the seasons 1962, 1963 and 1964. As such it is an incomplete record of the programs for those years. The preceding number (Vol. 4 #4) appeared in May 1962 and the present one is the last to be issued on a triennial basis.

A description of the current facilities and programs of the laboratory will appear shortly as Volume 5 #2 together with abstracts of the 1965 season. Subsequent numbers will appear annually.

Inquiries should be sent to:

The Director  
Mt. Desert Island Biological Laboratory  
Salisbury Cove, Maine 04672

during the operating season June 1 - September 15. At other times to;

William L. Doyle, Director  
c/o Department of Anatomy  
The University of Chicago  
Chicago, Illinois 60637
