

THE BULLETIN

Mount Desert Island Biological Laboratory

Vol. 54, Online Edition

THE 2015 EDITORIAL COMMITTEE

Editor

Dr. Alice R.A. Villalobos

Dr. Alice R.A. Villalobos, Chair

Dr. Jane E. Disney

Dr. David H. Evans

Dr. Bram V. Lutton

Dr. Robert L. Morris

Dr. Larissa M. Williams

Published by the Mount Desert Biological Laboratory

REPORT TITLES

Comparative Biochemistry

- Cai, S.Y., Kulkarni, S., Rutins, Z., Currie, M. Boyer, J.L. Characterization of a bile salt transport system in isolated hepatocytes from shorthorn sculpin, *Myoxocephalus scorpius*..... 1
- Silva, P., Silva, A., Silva, M., Spokes K.C. Further evidence for a transporter mediated urea uptake in the rectal gland of *Squalus acanthias*..... 3

Comparative Physiology

- Bruce, J.C., Galen, E., King, B., Lutton, B.V. Identification and quantification of gene expression during angiogenesis in the skate, *Leucoraja erinacea* 6
- Schaeffer, K.M., Schenk, H., Schroder, P., Staggs, L., Schiffer, M., Haller, H. Investigation of the role of novel gene HPS3 and microRNA 636 in proteinuria on zebrafish (*Danio rerio*) 8
- Riesle, H., Stahl, K., Berger, S., Schiffer, M., Hermann, H. The function of heparanase 2 and its connection with kidney function in zebrafish (*Danio rerio*)..... 10

Comparative Pharmacology and Toxicology

- Zaremba, A., Umstätter, F., Miller, D.S., Anne Mahringer, A., Fricker, G. Zn²⁺ increases multidrug resistance-associated protein 2 (Mrp2) transport activity in killifish (*Fundulus heteroclitus*) renal proximal tubules 12
- Mahringer A., Nickel, S., Umstätter, F., Zaremba, A., Miller, D.S., Fricker, G. Biphasic, GPER-dependent regulation of Bcrp by Bisphenol A in killifish (*Fundulus heteroclitus*) renal proximal tubules 14

Cell Biology

- Mundy, P.C., Pope, H.W., Robert L. Morris, R.L. Characterizing cilia in sand dollar (*Echinarachnius parma*) embryos after lithium ion treatment15

Ecology

- Morrill, K., Farrell, A., Dirks, A., Badger, M., Disney, J., Williams, L. Role of genetic diversity and water quality in the 2013 decline of eelgrass (*Zostera marina*) populations of the Upper Frenchman Bay, ME coastlines..... 16

Badger, M., Dirks, A., Farrell, A., Charabati, J., Morrill, K. Disney, J., Williams, L. Population genetics and abundance of the invasive European green crab (<i>Carcinus maenas</i>) and its role in eelgrass (<i>Zostera marina</i>) loss around Mount Desert Island	19
---	----

Physiological Ecology

Lawson, B.N., Dehn, A., Preston, R.L. A survey of developmental abnormalities in <i>Fundulus heteroclitus</i> embryos from Northeast Creek	21
--	----
